

Logging Out of Ubersmith

You will automatically be logged out of Ubersmith if you close your web browser, or if your Ubersmith session is inactive for 24 minutes. You can change your inactivity log out time by overriding the session.gc_maxlifetime php-fpm variable located in /usr/local/ubersmith/conf/php/ubersmith.ini.

- Click the **Log Out** icon, in the upper right, at any time.

The Ubersmith *Login* page appears.
