

# Verifying Available Domains

You can verify if a domain name is available for registration.

1. [Access the Current Domains page.](#)
2. Click **Lookup Domain**.

- The *Lookup Domain* page appears.
3. In the **Domain** field, enter the name of the domain.
  4. Press **Lookup Domain**. If a domain is already registered to another, the registry information displays on the page.
  5. Click **Cancel** to close the page.
