

Adding Tax Exemption Types

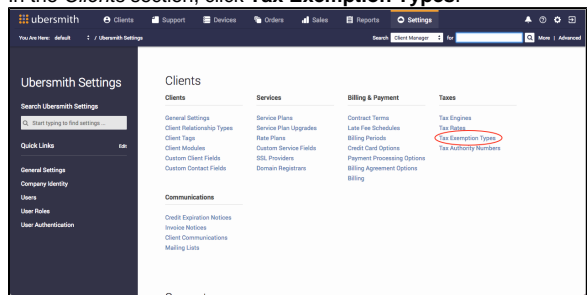

You can add a tax exemption type in order to exempt certain business from paying taxes, such as a non-profit organization.

Access the Tax Exemption Types Page

1. From the *Ubersmith Dashboard*, click **Settings**.

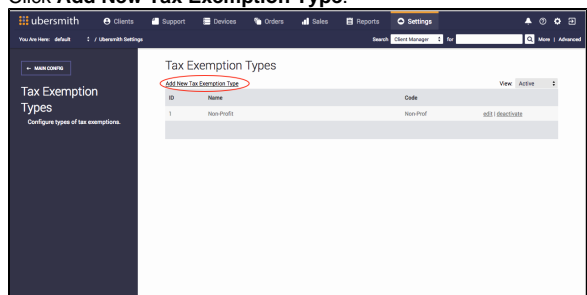

- The *Ubersmith Settings* page appears.
2. In the *Clients* section, click **Tax Exemption Types**.

The *Tax Exemption Types* page appears.

Complete the Add Tax Exemption Types Page

1. [Access the Tax Exemption Types page.](#)
2. Click **Add New Tax Exemption Type**.

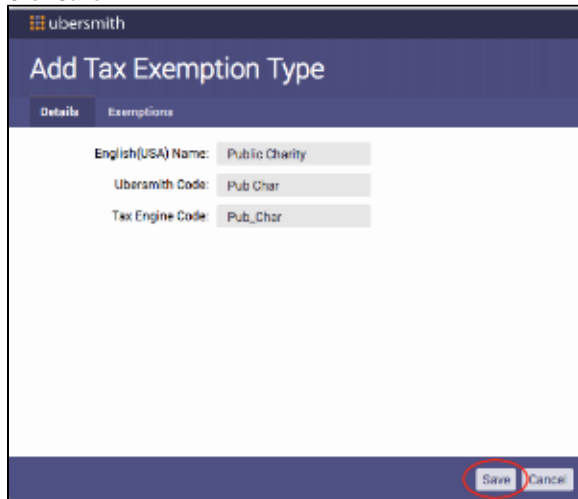

- The *Add Tax Exemption Type* page appears.
3. In the **Name** field, type the name of your tax exemption.
 4. In the **Ubersmith Code** field, type the code to display that is associated with the name.
 5. In the **Tax Engine Code** field, type the code that your third-party tax engine uses for the exemption.

6. Click **Save**.

The screenshot shows a web application window titled 'ubersmith' with a dark blue header. Below the header, the main title is 'Add Tax Exemption Type'. There are two tabs: 'Details' (selected) and 'Exemptions'. The form contains three input fields, each with a label and a value:

Field Label	Value
English(USA) Name:	Public Charity
Ubersmith Code:	Pub Char
Tax Engine Code:	Pub_Char

At the bottom right of the form, there are two buttons: 'Save' and 'Cancel'. The 'Save' button is circled in red.
