

Managing Zones

Once you have created a zone which resided in a facility, you can edit or delete them. You can also add and manage cages, rows, and racks.

Accessing the Device Zones page

1. Access the [Device Locations](#) page.
2. Click **cages** in the desired zone's row.

Location	Ownership	Status
ATI Atlanta Datacenter	None	Available (Priority Occupied)
P.A. Pod A	None	Available (Priority Occupied)
Pod A - Middle / Center Row	None	Internal Reserved
Pod A - Wall Mounted Panel Space	None	Internal Reserved
P.A. Pod B	None	Available
Q10 Chicago Datacenter	None	Available (Priority Occupied)
Default Zone	None	Available (Priority Occupied)
Zone 1	None	Internal Reserved
JFK New York Datacenter	None	Available (Priority Occupied)
Zone 1 Data	None	Available (Priority Occupied)
Zone 2 Data	None	Available (Priority Occupied)
SJC San Jose Datacenter	None	Available (Priority Occupied)
Zone 1 Data	None	Available (Priority Occupied)

The *Device Zone* page appears.

Adding Cages and Suites

Cages or a block of cages, called a suite, are added to existing zones.

1. Access the [Device Zone](#) page.
2. Click **Add Cage**.

Location	Type	Ownership	Status
Q1 Cage 1	Cage	Internal Reserved (Priority)	Available (Priority Occupied)
Q1 Row 1	Standard Rack	Internal Reserved (Priority)	Available (Priority Occupied)
Q1 Rack 1	Standard Rack	Internal Reserved (Priority)	Available (Priority Occupied)
Default Cage	Cage	Internal Reserved (Priority)	Available (Priority Occupied)

The *Add Cage* page appears.

Complete the Details tab

1. In the **Name** field, enter the name of the facility.
2. In the **Code** field, enter an alpha-numeric code to identify the facility.
3. In the **Type** field, select **Cage** to specify a single unit or **Suite** to specify multiple cages.
4. In the **Facility/Zone** field, select the facility and corresponding zone the cage is located in.
5. In the **Status** field, select an option.
 - Select **Available** if the facility is available.
 - Select **Inactive** if the facility is inactive.
 - Select **Internal Reserved** if the facility is reserved for yourself.
 - Select **Internal Occupied** if the facility is occupied by you.
 - Select **Customer Right of First Refusal** if the facility must first be offered to the listed client before it can be made available to any other client.
 - Select **Customer Occupied** if the facility is already occupied by the listed customer.
6. In the **RoFR Expiration Date** field, enter the date that the client's right of first refusal expires.
7. In the **Assigned Date** field, enter the date the facility was assigned to the corresponding status.

Note

- The RoFR Expiration Date and Assigned Date field only display if the customer right of first refusal or customer occupied status is selected.
- If the status for the facility is reserved or occupied, the zone status automatically inherits the same value.

8. In the **AC Power Capacity (Amps)** field, enter the AC power capacity of the facility.
9. In the **DC Power Capacity (Amps)** field, enter the DC power capacity of the facility.
10. In the **Width** field, enter the width of the cage or suite.
