

# Adding Support Ticket Resolutions

Ticket resolutions describe the end state of a ticket based on your support users actions. For example, if your client's problem was resolved you can use "fixed" to signify that the ticket needs no further action. [You can require tickets to be resolved.](#)

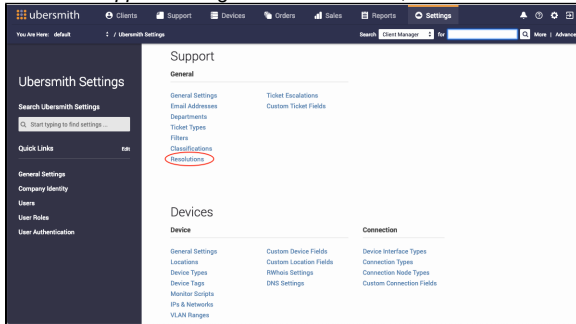

## Access the Ticket Resolutions Page

1. From the *Ubersmith Dashboard*, click **Settings**.

The *Ubersmith Settings* page appears.

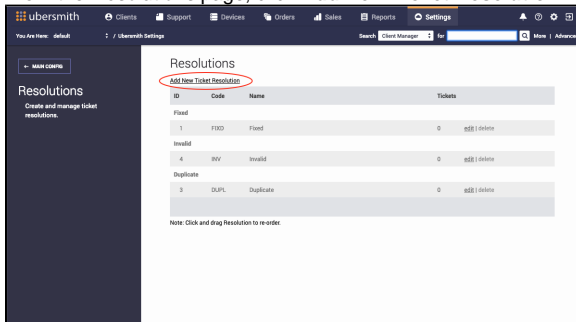

2. From the *Support Settings – General* section, click **Resolutions**.

The *Resolutions* page appears.

## Complete the Details Tab

1. From the *Resolutions* page, click **Add New Ticket Resolution**.

The *Add New Ticket Resolution* page appears.

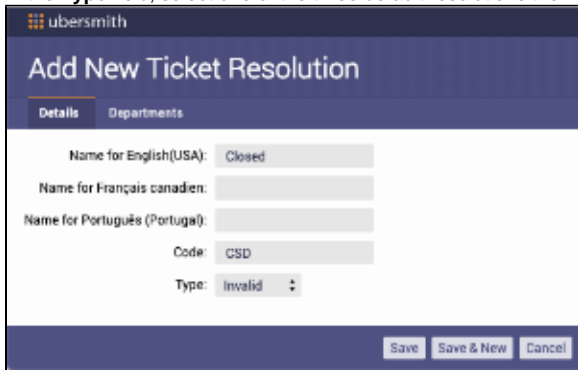

2. In the **Name** field, enter the name of the resolution.
3. In the **Code** field, enter the four character abbreviation for the resolution.
