

Adding Power Seasons

Power seasons define how Ubersmith bills for power circuit utilization by defining a start and end date and corresponding billing rates, per kilowatt hour (kWh) in your currency, that apply for the hours of each day that falls within those dates.

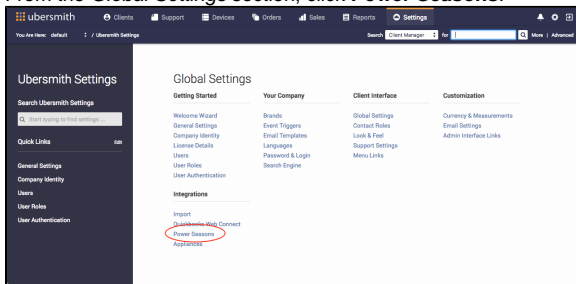

Access the Power Seasons Page

1. From the *Ubersmith Dashboard*, click **Settings**.

The *Ubersmith Settings* page appears.

2. From the *Global Settings* section, click **Power Seasons**.

The *Power Seasons* page appears.

Adding Power Seasons
