

Setting the Default Tax Calculation Method

You can select your default method to use for tax calculation when associating invoice line items to account credits.

- 1. Access the [Tax Rates](#) page.
- 2. In the *Tax Calculation* section, From the *Default Tax Calculation Method*, select either **No** taxes to ignore any changes, **Original tax rates** to use the rate set at the time the invoice was generated, or **Current tax rates** to use the present rates.
- 3. Click **Submit**.
